heritage

Junior quattro "Pikes Peak"

The latest technology combined with an old legend. The new A1 Sportback was the inspiration behind the working LED light signature in the headlights and rear lights. Fibre optics allow for individual segments to be illuminated, producing an unmistakable visual statement. The battery compartment is concealed under the seat. True to the style of the Audi Sport quattro S1 Pikes Peak from 1987, the body and rims are in white. The corresponding sticker set rounds off the legendary rally look of this children's car. Made in Germany.

A push pole to help parents guide the vehicle is recommended as an accessory.

For children aged between 18 months and 3 years.

Material: robust vehicle body made from PE, manufactured using plastic blow moulding
Dimensions: 71.5 × 29 × 37 cm

Apart from the steering rod and steering wheel, the vehicle comes fully assembled. The stickers included can be arranged as desired.

Junior quattro push pole¹

Metal pole with plastic grip for the Audi Junior quattro. Adjustable to 3 different heights.

A passion for the original.

Audi drivers have high expectations. Even the details must have that thrill factor. The same goes for the Audi miniatures, which reflect the extraordinary fascination of the originals on a small scale. That way you can also bring to life and relish the spirit of the four rings in the comfort of their own home, too.

The background of the advertisement is a dramatic, dark landscape under a heavy, stormy sky. A road with yellow lines stretches from the bottom left towards the center, where a small, sleek, silver Audi sports car is driving away. The car is a miniature model, as indicated by the text. The overall mood is mysterious and powerful.

Tradition

Audi legends are timeless. Their allure is everlasting and has nothing to do with dimensions. Even in the 1:43 scale, the miniature versions convey true greatness. Tradition you can touch and collect. That's how thrilling history can be.
